## COURSEWORK

Information Retrieval

Operating Systems

Full stack development

OOPs Programming

Computer Graphics

Network Security

Java

C#.NET

## SKILLS

Programming Languages

• JavaScript • TypeScript • HTML/CSS

• Node.js • Python • PHP • Go • Java

Frameworks

• React.js • Next.js • ExpressJS

• React Native • NestJS • TailwindCSS

• SASS • Serverless • Material UI

Tools

• AWS • SQL • Linux • Docker

• GitHub • Redux Toolkit • CI/CD

• React Query

## INTERESTS

• Crafting innovative Web and Mobile Applications

• Actively Contributing to Open Source Projects to foster community growth

• Exploring the potentials of Machine Learning with Python for real-world applications

## EXPERIENCE

### ORUFY TECHNOLOGIES | SOFTWARE DEVELOPER

September 2022 – August 2024 | Jaipur

- **Monorepo** setup with **Turborepo** and **Nx** for 4+ projects.
- Bot builder with **React flow** to design bot 70% faster.
- Led a team of **5 developers**.
